## Person Impersonating a CPE Officer

It has come to the attention of the Council for Private Education (CPE) that a person has impersonated an officer from the CPE. This person had approached a private education institution (PEI) to request for the contact details of its staff.

2 The CPE would like to remind all PEIs to be vigilant of such deceptions. We have strict protocols when entering the premises of a PEI. Our staff and inspectors can be clearly identified by their identification passes which they must carry at all times.

3 If faced with a similar situation, PEIs should contact their CPE account holders for clarification immediately and file a police report. Members of the public who encounter similar cases should contact the CPE at 6592 2108 or via email at [CPE\\_Contact@cpe.gov.sg](mailto:CPE_Contact@cpe.gov.sg) and file a police report.
